Steward's News

Your local archeological steward is Doris Howard. If you have any questions about the archaeology of the area, she can be your first contact. Doris can be reached at (325) 247-2440

The Llano Uplift Archeological Society was organized by people interested in the protection, conservation and study of historic and prehistoric materials and sites in the Llano Uplift ("Central Mineral Region") area of the Texas Hill Country. Its primary goals include education of the membership, students and the public; and to support other groups, researchers and educators with similar interests. Stewardship of the Nightengale Archaeological Center is a major contribution of LUAS.
