

# Llano Uplift Archeological Society

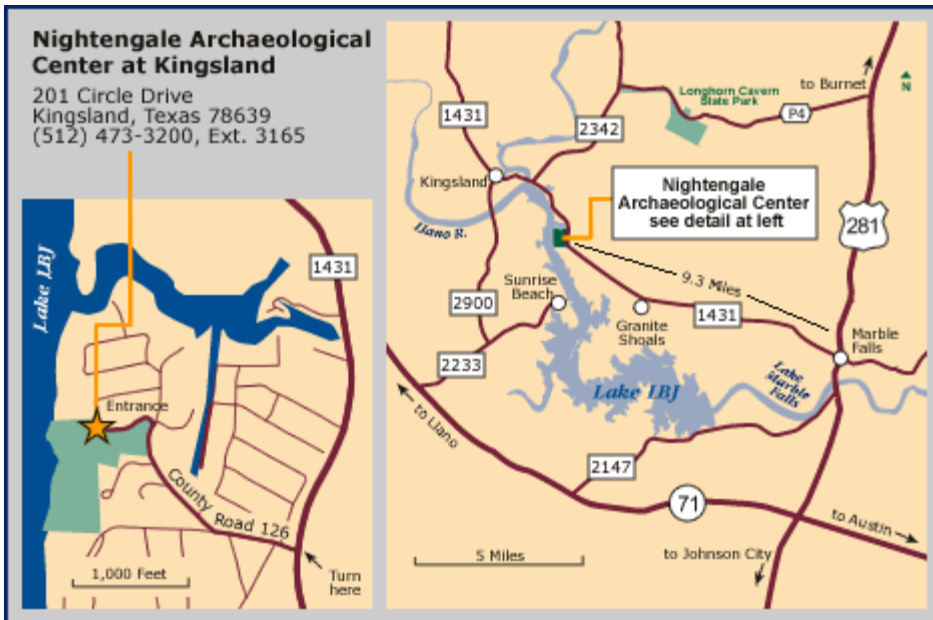

## Meeting—August 12, 7 PM

At the Nightengale Archaeological Center, Kingsland

Newsletter  
Volume 17, Issue 8  
August 9, 2009

## August Field Trip

Field trip possibilities will be discussed at the meeting.

## August Speaker

### *Cody Kiker*

Cody is a graduate student at the University of Oklahoma. Many LUAS members will remember Cody as a recent LCRA archaeologist and LUAS member.

Cody will give a talk on three sites that were investigated during the 2009 University of Oklahoma field school. The sites are all located in the Oklahoma panhandle. One is a 7000 year old bison kill site, one is a Late Paleoindian campsite, and the third is a 7000 year old lithic scatter.

## Minutes—July 8 Meeting

**Doris Howard, Secretary**

The LUAS July 8, 2009 meeting started with a presentation about Texas Archeological Society's Annual Field School held at Perryton, Texas on Harold Courson's property in Roberts County. Gene Schaffner and Doris Howard narrated their photos from the site excavation. Al Priest, LUAS President, did not come because he thought there was no meeting in July, but he did attend field school and had more photos.

The treasurer's report from Tina was handed out by Chuck Hixson.

There was discussion of a possible field trip on Saturday, July 18. Chuck Hixson will send an e-mail with particulars of where, time and meeting place.

We acquired a new member, John Boland (Buchanan Dam area), who brought a sample of his stone artifacts.

Patti Boyd brought her "famous" chocolate chip cookies for dessert!

Members present were: Pat Hatten, Patti and David Boyd, Dennis Maier, Norm Shipherd, Gene Schaffner, Chuck Hixson, John Boland, and Doris Howard.

## Special Notices

### Calendar

### Steward's News

Your local archeological steward is Doris Howard. If you have any questions about the archaeology of the area, she can be your first contact. Doris can be reached at (325) 247-2440

The Llano Uplift Archeological Society was organized by people interested in the protection, conservation and study of historic and prehistoric materials and sites in the Llano Uplift ("Central Mineral Region") area of the Texas Hill Country. Its primary goals include education of the membership, students and the public; and to support other groups, researchers and educators with similar interests. Stewardship of the Nightengale Archaeological Center is a major contribution of LUAS.
